ABOUT

Established in 1985, Catholic Charities Assisted Housing & Health helps low-income individuals living with HIV/AIDS in San Francisco stabilize their housing and access vital services such as case management, referrals to community support, and counseling.

Assisted Housing & Health collaborates with other San Francisco HIV service providers to ensure clients’ medical, psychological, social, and vocational needs are met. These collaborations serve as a major link in the HIV continuum of care through education, counseling, and support.
