WE BELIEVE

IF

we provide formerly homeless families with stable housing and a wide array of supportive services to address barriers/critical needs

THEN

they will increase their financial, employment, educational and housing stability.

OUTPUTS

250 Clients Served

10 Average Number of Years Client Stays with Program

3 Average Household Size

76% Annual Income <$24,000

OUTCOMES

67% children maintained or improved their educational stability

80% clients maintained or improved their income stability

73% clients maintained or improved their physical health

These results are based on the self-sufficiency matrix assessment tool completed for the head of household.

ABOUT

Catholic Charities Treasure Island Supportive Housing promotes the self-sufficiency and independence of formerly homeless families. Clients are supported through an array of services that are designed to assist families with the challenges of accessing and retaining safe, secure, and permanent housing and to achieve residential, economic, and personal stability. Permanent, subsidized supportive housing is provided to formerly homeless families where the head of household has one or more special needs which may include mental health challenges, disabling HIV/AIDS, or history of substance abuse.

Treasure Island Supportive Housing offers supportive services in conjunction with housing including case management, substance abuse counseling and employment assistance. Clients may also receive referrals to outside agencies. Treasure Island Supportive Housing also collaborates with other organizations to provide community activities for children and families.

CHANGE MODEL

The Need
Homeless, low-income families are experiencing:
• Unstable housing
• Poverty
• Poor health
• Poor child school attendance

Our Response
• Housing plus one-on-one support to meet critical needs
• Food distribution
• Access to public benefits
• Individualized goal plan
• Community building activities

Client Outcomes
• Increased housing stability
• Increased income and savings
• Improved physical health
• Improved child school attendance

Community Impact
• Decrease in community homelessness
• City resources are available to meet other needs
• Healthier communities
