WE BELIEVE

we provide low-income individuals affected by HIV/AIDS with direct financial assistance, crisis intervention, and case management

IF

they will remain stably housed and improve their health.

THEN

OUTPUTS

521 Clients Served

295 Housing Subsidies

226 Health Subsidies

5,314 Case Management Contacts

OUTCOMES

91% of partial rent subsidy clients are able to maintain basic needs

97% of clients reported maintained or improved housing

98% of clients reported maintained or improved physical health

These results are based on a quarterly wellness check for recipients of partial rent subsidies and the self-sufficiency matrix assessment tool completed for the head of household.

ASSISTED HOUSING & HEALTH
HOUSING & IMMIGRATION SERVICES

ABOUT
Catholic Charities Assisted Housing & Health supports and stabilizes housing for men and women living in the City and County of San Francisco who have HIV/AIDS. Clients are provided with access for housing combined with other support services.

The program was established in 1985 to stabilize the precarious housing situations of low-income people with HIV/AIDS through rent subsidies. Through the program, clients may receive case management, referrals to community support and counseling. Assisted Housing & Health also collaborates with other HIV service providers in the county to ensure that clients’ medical, psychological, social, and vocational needs are met.

Assisted Housing & Health serves as a major link in the HIV continuum of care through education, counseling and support.

SERVICES
• Housing advocacy and support
• Full and partial rent subsidies
• Case management and vocational support
• Financial assistance for non-reimbursed medical expenses
• Information, resources, and referral for community support services
• Homelessness risk reduction
• County service provider coordination
